Kyaw Bhone Aung

Network Administrator

kyawbhoneaung12345@gmail.com 09774012842

Yangon, North Okkalapa, Waibargi Myanmar 8-11-2006

Profile

I am a motivated and passionate IT student with a strong interest in computer networking and network administration. I enjoy solving technical problems, learning new technologies, and working with computer networks. I am currently developing my knowledge of networking, network security, troubleshooting, and network configuration.
My career objective is aspiring Network Administrator with a strong interest in networking and IT infrastructure. Seeking opportunities to develop practical experience in network configuration, troubleshooting, security, and administration while continuously improving my technical skills.
